## Benefits and Cost Savings

- The statewide contract covers a broad array of equipment, parts & services available through various authorized dealers of listed manufacturers.
- **Competitive Pricing** – The Strategic Sourcing Services Team (SSST) has awarded the contract to those contractors who provided the most competitive pricing and/or discounts for the manufacturers being offered. Additional discounts are available, such as prompt pay discount, volume and or dock delivery discounts. Please reference the vendor list below for those contractors that offer prompt pay discount and for volume and dock delivery discount please reference “Contractors Award Information 2012-2014” located under each vendor’s PO information as an attachment.
- **Selection of EPP Equipment** – The contract provides equipment that represents environmentally preferable products wherever possible. Such Equipment may use alternative fuel (e.g. compressed natural gas), offer an opportunity for reduced fuel usage, or provide other environmental benefits. Contractors that offer EPP equipment are identified in the vendor list with the EPP  symbol.

## Who Can Use This Contract?

**Applicable Procurement Law:** MGL c. 7, § 22; c. 30, § 51, § 52; 801 CMR 21.00

**Eligible Entities:**

01. Cities, towns, districts, counties and other political subdivisions
02. Executive, Legislative and Judicial Branches, including all Departments and elected offices therein;
03. Independent public authorities, commissions and quasi-public agencies
04. Local public libraries, public school districts and charter schools;
05. Public Hospitals, owned by the Commonwealth;
06. Public institutions of high education
07. Public purchasing cooperatives;
08. Non-profit, UFR-certified organizations that are doing business with the Commonwealth;
09. Other states and territories with no prior approval by the State Purchasing Agent required; and
10. Other entities when designated in writing by the State Purchasing Agent.

## Pricing and Purchase Options

**Purchase Options:** Purchases made through this contract will be direct, outright purchases.

**Pricing and buying details:** All contract pricing and/or discounts listed MUST remain firm through 8/31/14 for all listed contractors. Contractors’ awarded pricing is for specific equipment based on the standard equipment model; pricing may vary if a user department is requesting equipment that is not standard equipment identified in the contractor’s award.

**Quotes:** Departments may solicit at least three (3) quotes from contractors listed to determine which contractor can provide the best value for the equipment being purchased. All that is required is that departments contact the three (3) contractors for quotes; you are not required to receive responses from all three (3) contacted contractors.

**Returned Goods Policy** - Contract users must not accept the delivery of any product that is visibly damaged. Product must be inspected upon receipt of delivery. If a product fails inspection by the receiving facility, the product must be rejected and the contractor(s) must replace the product immediately at no additional expense to the facility.

## Additional Information

All equipment provided under the statewide contract will be new and unused. Factory seconds or remanufactured equipment will not be accepted unless specifically identified by the user department. All products provided by the awarded contractor must meet all federal, state and local standards for quality and safety requirements.

**Products Standards:** Products provided by contractors MUST be commercial grade and meet all Federal, State and local standards for quality and safety requirements. Products not meeting these standards will be deemed unacceptable and will be returned to the contractor at no charge to the Commonwealth.

All applicable products provided by contractors under the terms of the contract MUST bear Material Safety and Data Sheet (MSDS) and label as required by law.

**Delivery:** All equipment pricing includes FOB delivery to ordering facility. Delivery MUST be made as agreed upon by the ordering department. No request for extra delivery costs will be honored. All equipment must be delivered assembled, serviced, oiled and ready for immediate use, unless otherwise requested by the purchasing department. Liability for product delivery remains with the contractor until properly delivered and signed for in accordance with the purchasing department and the Commonwealth Terms & Conditions.

**Fuel surcharge provisions:** Contractors cannot charge any additional fuel surcharges on any order received from eligible entities under this statewide contract. Department will NOT be required to pay any addition fuel surcharges upon receipt of contractors invoicing.

**Operating manuals:** Operating manuals MUST be provided by the contractor for all equipment purchased under this contract.

**Loaner Equipment:** If the time for warranty or service repairs exceeds the specified time, the contractors shall provide equivalent loaner equipment upon request by the customer. Loaner equipment shall be provided at no cost, including shipment to the customer's location and return of loaner equipment to the contractor.

**Ordering:** No order is valid until the contractor receives a Department authorized

Purchase Order Number.

**Warranty-** Warranties are based on commercial use minimum of one (1) year commercial use warranty

**Trade-Ins** - Trade-ins are authorized under this contract provided that the entities involved have adhered to their state surplus property guidelines for turn-in or disposal of the equipment. Entities must refer to their state surplus agencies for further guidance on the proper procedures for their guidelines.

Contractors that have agreed to accept trade-ins must negotiate in good faith with the eligible entity trade in value at the time of trade in. Contractors MUST accept Lawns and Grounds Equipment, etc. trade-ins that are an **equal** of the product being purchased **ONLY**.

### **Adding/Removing Products.**

The SSST reserves the right to add products on an as needed basis despite their initial exclusion. Contractors must obtain authorization from OSD in order to add a product to the contract award. The products should comply with the specifications and scope/description established in the original Request for Response (RFR) and the contractor must supply all supporting information and research available to the SSST for consideration. A written recommendation may also be submitted to the SSST from an eligible contract user requesting that specific brands and/or manufacturers' products be added to the contract.

**Recalls** - In the event of a manufacturer's recall, contractors will be responsible for contacting those user departments that are affected by the recall and the contractor will be responsible for providing and replacing any defective parts of the manufacturer at no additional cost to the Commonwealth.

**Cancellations** - User department(s) and/or contractor(s) must provide, at a minimum, at least 48 hours cancellation notice of any equipment being purchased under the awarded contract.

## **Full Performance Specifications and Requirements**

The "Performance and Specification Requirements" provides detailed specifications and performance requirements that each contractor must comply with under this statewide contract. Please reference this document to ensure compliance when obtaining equipment, parts or services from contractors. These specifications are located under the "Forms & Terms" tab of Comm-PASS ([www.comm-pass.com](http://www.comm-pass.com)).

## **Contract Counties**

Contractors have designated the counties in which they will provide service under the statewide contract. Please refer to the Vendor list below for service areas. The list of counties is available under the "Forms & Terms" tab of Comm-PASS ([www.comm-pass.com](http://www.comm-pass.com)).

### How to place an order

Departments are required to solicit at least three (3) quotes from contractors listed to determine which contractor can provide the best value for the equipment being purchased. All that is required is that departments contact the three (3) contractors for quotes; you are not required to receive responses from all three (3) contacted contractors.

Once a quote is obtained and selected the ordering process is as follows:

- Initiate a new requisition
- Search for an item (Use FAC71) in the description
- Select the vendor you will be placing an order with

- Select the appropriate catalog line
- Enter the total price
- Attach the vendor quote
- Submit for approval
